

## About

Resulting from research into sports that support the unique needs of young people with ASD.

Just like in the research, our findings have shown our children enjoy wearing fencing masks which allows them to shut out any distractions as they focus on reacting to the opponents sword.

Staff training to lead to basic Fencing qualifications for staff to ensure capacity to develop further Sessions delivered by Wingerworth Club fencing coach.

Staff training has allowed more challenge within sessions and set the foundations for the projects longevity.

Support for other schools to start fencing to enable future competition
